Don't clog up Lancashire

Travelwise is a national campaign which encourages people to use cars more wisely. Today, we use cars for many more journeys than we did twenty years ago and this increasing use is creating serious problems with rising congestion and pollution levels. Travelwise encourages people to consider the other options which are available - walking and cycling for short trips and public transport for longer journeys when appropriate. When you have to travel by car, consider the possibilities of car sharing or combining journeys. Remember, it's not only the environment that will benefit, travelling wisely can keep you fit and save you money.

**For further information about Travelwise please contact: Lancashire County Council, Passenger Transport,
